Tackling Dog Fouling in your area.

Dear Resident/Dog Owner,

The London Borough of Camden's Environment Services team are carrying out an Enforcement Exercise in your area.

Our aim is to identify dog owners who fail to clear up after their dog/s with a view to issuing Fixed Penalty Notices. Any failure to clear up dog fouling is an offence, and if witnessed, carries a possible prosecution through a Magistrates Court and on conviction, a fine of up to £1000.

Dog Mess is not only very unpleasant for residents; it is also dangerous and can cause disease and parasitic infections. We would like to encourage any person who witnesses a dog owner failing to clean up after their dog to pass any information onto Camden Council by either e-mail (marked for the attention of the Education and Enforcement team) to Street.Environment@camden.gov.uk or by calling 020 7974 4444. **You can provide information to us anonymously if you so wish.**

Please provide as much of the following information as possible:

- The exact location of the offence
- The description of the owner and their dog, e.g. type of dog, its size and colour
- How regularly dog fouling takes place, and the time of day the offence normally occurs
- Any additional information that you feel may be relevant

Together we can tackle this anti-social and irresponsible behaviour.

Yours faithfully,
Senior Education and Enforcement Officers
London Borough of Camden
